Profile

Over 7 years of extensive experience in web-based applications. Worked mainly with application software analysis, design, development, and testing of web (all the phases of SDLC and quality assurance/testing). Skilled in **NodeJS, ExpressJS-, TypeScript, Micro-Services, Laravel, PHP, Lumen, ReactJS, MongoDB, HTML, jQuery, and Bootstrap**. To seek a challenging position in a company to a motivating and vibrant work environment, on the basis of my knowledge, fast learning, and creative skills. Able to work independently with little or no supervision and a dedicated team player. I am holding **Germany Visa** and ready to **join immediately**.

Employment History

Full Stack Developer , DevDigital, Vadodara, India

MARCH 2021 – PRESENT

-
- Strong grip on api creation and api integration.
- Expertise in developing and updating web pages quickly using **JavaScript**, **jQuery**, and **ReactJs**
- worked on B2B, B2C portals
- good working experience with **LAMP** Linux, Apache, MySQL, **PHP** and **WAMPP** Window, Apache, **MySQL**, PHP environment.

Web Developer , Myrestica Technologies PVT LTD , Vadodara

JULY 2015 – JUNE 2017

- Developing and making code more modular by using the Model View Control (**MVC**)
- Database designing for regular and **e-commerce** portals
- Developed user interface using **PHP**, **Codeigniter**, **Laravel**, and **JavaScript**.
- Strong grip on object-oriented programming
- Developed **AJAX** functionalities using **JQUERY**.
- **MYSQL ERD** database designing.
- Changes in **woo-commerce** plugin.
- Proficient in object oriented programming **OOPS concepts of PHP**, ability to quickly learn and apply new technologies.

Education

Bachelor's in Information Technology , University of Gujrat, Vadodara

JULY 2010 – JUNE 2014

Backend Technology

- Laravel, Lumen, CodeIgniter, PHP.
- NodeJS, ReactJS, ExpressJS, AWS Services.

Frontend Technology

- Javascript, ES6, ES7
- ReactJS, VueJS, NodeJS.
- AJAX, Bootstrap, Material UI, HTML, CSS, JavaScript, JQuery.

Database:

- MYSQL, SQL. PostgreSQL
- Mongo DB, PouchDB, CouchDB.

Other Tool

- AWS services (Lambda, S3 bucket, Cloud Watch, Users, CDK, SDK, SAM CLI, Cloud Formation, Cloud Front, RDS, API gateway, Secret Manager, EC2 instance, Cognito User).

- Git, Jira, bitbucket. Worked on AWS project created API using AWS lambda and API gateway
- Postman, Docker, and ITPoker for time estimation

About Me

I am a very hard-working person. I keenly believe in updating my skills constantly. I am a nature-loving person and I love visiting beautiful places. I enjoy listening to soft music and reading in my free time.
